

Avery Dennison®

TrafficJet™ How to Place 950ml Bag in Converter

Instructional Bulletin : # 9.04
Revision : # 02
Last Updated : June 2018

1. Press down orange lever (1)
2. Place the 950ml Ink Bag in the Converter while keeping the lever pressed down (2)
3. When the Ink Bag is in the lowest possible position in the Converter, release the orange lever
4. Make sure the orange lock (3) is above the Bag's lock plate and is keeping the Bag firmly in place.
This is the ONLY correct position!

Tip! If you have difficulties inserting the bag, use a swab with Flush to wet the rubber plug of the bag to reduce friction and allow for easier insertion.

The above Avery Dennison literature provides information to the user for proper application, storage and other requirements. Please refer to Product Data Bulletins or your local Avery Dennison Representative for warranty information. Find the latest information on the Avery Dennison website, www.reflectives.averydennison.com. We encourage you to check our website periodically for updates.

All statements, technical information and recommendations about Avery Dennison products are based upon tests and information believed to be reliable, but do not constitute a guarantee or warranty of any kind. All Avery Dennison products are sold with the understanding that Purchaser has independently determined the suitability of such products for its intended and other purposes.
