

Avery Dennison[®] TrafficJet[™] Xpress

Holiday Procedure

Instructional Bulletin : # 9.94
Revision : # 01
Last Updated : December 2024

Dear TrafficJet Xpress Customer,

During Holidays or longer periods of downtime, your TrafficJet Xpress has to be taken care of. This bulletin describes different scenarios and the best practices.

When working on the TrafficJet Xpress's ink touching parts, please make sure to wear proper PPE's like glasses and gloves. If ink or flush comes in contact with your skin, immediately remove and wash it with soap and water. Consult our SDS sheets for more information.

Holiday Procedure

Our recommendation is to continue printing and doing maintenance during Holidays. If this is not possible, please follow the procedure below:

Up to 15 working days (three weeks) max:

- Make sure there is enough inks and flush in the printer to do auto-cleanings (50% or more)
- Do daily maintenance
- Empty the waste ink bottle and reset the waste ink counter
- Print a nozzle check and write down the date and keep it with the printer
- Shut down the machine using the button on the front panel
- **Leave the machine powered on allowing it to wake up and do auto-cleaning**
- If possible, come back once a week, print all colors (appr. 1m/3ft) and do maintenance

When you come back after Holidays, do your daily, weekly and monthly maintenance, perform a cleaning using the front panel and print a nozzle check to ensure yourself of the status.

More than 15 working days (three weeks):

- Consult your technical services representative what are the best options.

As our official recommendation is to upkeep printing and do maintenance, potential issues by following these procedures are at your own risk.

The above Avery Dennison literature provides information to the user for proper application, storage and other requirements. Please refer to Product Data Bulletins or your local Avery Dennison Representative for warranty information. Find the latest information on the Avery Dennison website, www.reflectives.averydennison.com. We encourage you to check our website periodically for updates.

All statements, technical information and recommendations about Avery Dennison products are based upon tests and information believed to be reliable, but do not constitute a guarantee or warranty of any kind. All Avery Dennison products are sold with the understanding that Purchaser has independently determined the suitability of such products for its intended and other purposes.
