

Temporary Traffic Control: Pre-Striped Barricade

Whether you are closing a sidewalk or multi-lane highway, Avery Dennison’s Pre-Striped Barricade sheeting provides superior reflectivity and durability to handle the toughest roadway conditions. Omnidirectional performance assures you’ll get the uniform visual performance whether it is on a horizontal barricade board or vertical panel.

Features and Benefits

- Utilizes pre-coated high-tack adhesive
- Improved all weather adhesive bonds to low surface energy plastics for year-round performance and increased UV stability
- Designed for plastic or wood boards
- Available with 4” or 6” stripes in left or right direction, or 6” orange/white blocks
- Available in EG (ASTM Type I), HIP (ASTM Type IV) or OmniCube (ASTM Type XI)
- Meets MUTCD requirements
- Flexible construction to survive when impacted
- Three year outdoor durability
