

Avery Dennison V-5720 Series Conspicuity Tape

Choose Avery Dennison for superior reflectivity, ease of application, and durable performance. Patented prismatic designs, a solid metalized structure, and best-in-class adhesive formulas make V-5720 easy to apply and more durable, increasing the visibility of your vehicle for years to come.

Recommended Uses:

- Trucks
- Trailers
- Commercial & Utility Vehicles
- Recycling & Waste Trucks
- Recreational Vehicles
- Equipment

The Details Matter

Avery Dennison V-5720 Series Conspicuity Tape is designed for night-time vehicle recognition and increased road safety. That starts with the application and requires durability. That's why V-5720 uses a solid metalized construction that is bright at night, easy to apply, impact resistant, and requires no edge sealing. V-5720 also comes with our best-in-class repositionable adhesive that allows application at temperatures as low as 32°F.

Product Information

Durable Construction

Impact-Resistant: With its metalized solid construction, V-5720 tape is built to withstand impacts and abrasions, ensuring lasting durability. Air cells construction can easily collapse when impacted and lose reflectivity.

No Edge Sealing Needed: A solid metalized construction also requires no edge sealing. Other tapes can fill with water and dirt when not sealed properly during application.

Low-Temperature Adhesive

Cold Weather Application: Unlike many competitor products, V-5720 tape can be applied in temperatures as low as 32°F (0°C).

Repositionable Adhesive: The best-in-class adhesive allows for initial repositioning, facilitating an easier and more accurate application while providing a long-lasting bond once set.

Exceptional Visibility

Be Seen: V-5720 offers outstanding visibility at dawn, dusk, and night, ensuring that your vehicles are seen clearly in low-light conditions.

Protected Approval Marks: The approval marks are abrasion-resistant, ensuring that the tape remains compliant with DOT-C2 regulations throughout its lifespan.

Elevate Your Brand

Add Your Logo: With our logo conspicuity tape, you'll boost brand awareness through your company fleet vehicles, all while complying with regulatory requirements.

Product	Durability	Certification Mark	Colors	Specifications*			
V-5720	10 years	DOT-C2	Red & White (6"x6")	Red & White (11"x7")	Red (Solid)	White (Solid)	FMVSS 108
	5 years	DOT-C2	Red & White (6"x6")	Red & White (11"x7")	Red (Solid)	White (Solid)
